

Our City Rome

Hello!

We are 5E of our school, I. C. Alberto Manzi.

We live in Rome, the capital of our country Italy. In Rome there are a lot of monuments like: Colosseo, Trevi's Fountain, a Soccer Stadium, Churches such as St. Peter's, squares as "Piazza del Popolo" (People Square) or "Piazza Venezia" (Venezia Square).

There is a river, the Tiber;

there are natural parks, and a little lake.

During the week-end I play with my friends in the park.

We walk in the city and visit some monuments.

We can go to music concerts at the "Auditorium".

We go to the stadium and watch soccer matches.

We can go to the cinema. We have shopping in the city centre where there are many amazing shops. We ride bikes in the park and eat ice-creams. We have lunch or dinner at the restaurant. We go to the zoo. In summer we can go to the swimming pool and at the sea because near Rome there is the sea
