When I was 10 years old I was invited to a school in Rome to play music. The name of the school was Istituto Comprensivo 'Albert Manzi'. The children and teachers in the school were very nice. The children in the school made me pizza and pasta and in return I would play Irish music for them. They also made me lovely cappuccino and took me to see some of the ancient buildings around Rome like The Colosseum and St. Peter's Basilica.

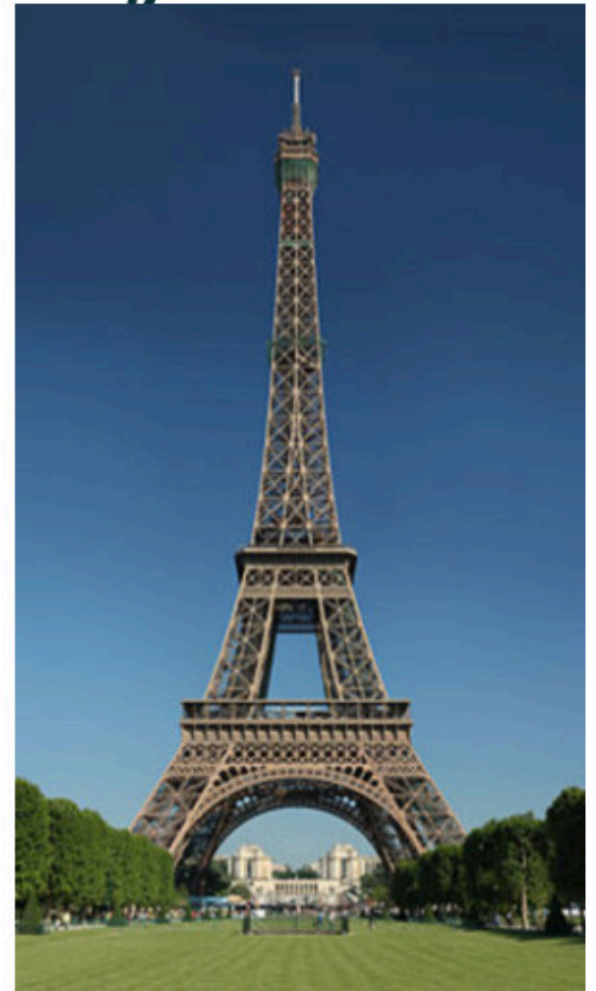

*I loved Rome. I thought about staying forever.  
It was a city I fell in love with. One day  
something terrible happened to me.*

One day I was going up the lift in a hotel. I rang the emergency phone to let them know I was stuck and they said they would get me out very soon. My phone rang but when I answered I said one sentence and my phone went dead. Finally I got out and decided I would go on holiday to Paris. when I got to Paris I saw lots of beautiful things.

When I was in Paris I went online to find a hotel. It was 10 o'clock so it was time to go to bed. In the morning I went sightseeing. I was going to see the Eiffel tower.

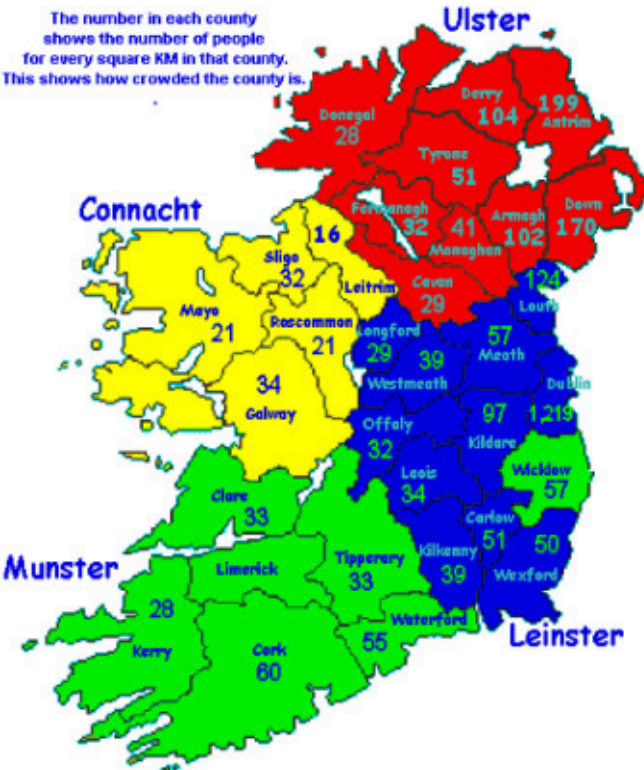

It was the most beautiful thing I had ever seen. When I got back to the hotel I had pizza and pasta it was nice then it got very boring so I decided to go to Finland.

When I got to Finland I went to Lapland to see Santa Claus and the reindeer. The place was covered in snow and it was very cold. I rented out a log cabin and I had a great time. I had hot chocolate and marshmallows every night. Finland is such a beautiful country.

Unfortunately I ran out of money so I had to go home to Ireland. I still love playing music and I hope to visit many other countries around the world.
